אנו גאים

האות גתת חם חם חם גתת

אתן חלון אטן גתת גתת גתת

הו אטן אטן גתת גתת גתת גתת

No matter what you do, what you have,
or what you want, you cannot help but
thrill to what you are: a child of Abraham,
Yitzchok and Yaakov, Sarah, Rivka, Rochel
and Leah. How cool is that?!

#ProudJew

אנו גאים אנו גאים אנו גאים אנו גאים אנו גאים

(זינז'ין אטן)

A little bit of history I've been through
Ask me where I'm from, and I will tell you
I'm a Jew and every Jew's a proud Jew
Not just me, my sisters and my brothers
Never be ashamed to be a proud Jew
It's not what you've done, it's how He made you
So sing this song and spread the pride around you

Yehudi Ani, eternally!

אנו גאים אנו גאים אנו גאים אנו גאים אנו גאים

I'm a Jew and I'm proud
And I'll sing it out loud
'Cuz forever and ever
That's what I'll be
I'm a Jew and I'm proud
And without a doubt
Hashem is always watching over me

While there is great virtue in accepting personal challenges with grace and poise, Torah teaches us to cry out in pain and protest at the suffering of others. And even one Mitzvah done on earth outweighs all the brilliance of heaven; so dear Father, why not abolish death once and for all? It hasn't been long enough?

Every breath, every day, every laugh, every friend, everything - it's overwhelming to think how much Hashem grants me - at no extra charge! - and how little I have done to deserve it all. So a song of thanks rises from the heart. I hope He likes it!

Based on the words and spirit of my late uncle Rabbi Yehoshua B. (Josh) Gordon A"H
who taught thousands to think big and to think positive.

My uncle Rabbi Yehoshua Binomim "Josh" Gordon, of blessed memory, was one of the most fascinating and inspiring people I have ever had the privilege of knowing. He was a delightful and powerful blend of big thinking and tender concern, intense seriousness and hysterical humor, towering faith and earnest humanity. And aside from everything else, he believed and invested in my musical future with all his heart.

He attributed everything he did and everything he was to the Lubavitcher Rebbe and the Rebbe's constant guidance and encouragement. In particular, he frequently and vigorously repeated the Rebbe's message to him at the outset of his Shluchus in California: Get to work with alacrity and with tremendous faith. May his memory be as much of a blessing as his life.

Despite all the pressure from within and without,
the Jewish People are wondrously united. Our
care and concern for each other, physically and
spiritually, is remarkable. In these turbulent times,
Jewish unity stands out as the wonder of the
world. For that alone we know that any day
Hashem will flood the world with the great
light of real peace.

This word Laasoik has the concept of business - Eisek - at its root. An entrepreneur who leans back and waits for deals to happen is no entrepreneur at all. You've got to hustle, Yossi! This Bracha says the same about Torah. Don't lean back and wait for inspiration; hit the books and make it happen!

Until Moshiach comes, the Neshama of every Jew, every Jew who ever lived languishes in Galus and yearns for redemption. If we imagine 1 billion Neshamos waiting for Moshiach, every second accumulates to more than 30 years, and every minute, to more than 1,800 years! 2000 years of Galus is how many years too long?

Along with the humility to plead and pray

we are already celebrating even as we are

A smaller ego equals a reduced sense of entitlement, which in turn equals a greater gratitude for this blessings which in turn equals a desire to emulate Hashem by being a blessing to people regardless of their entitlement. Easier said than done, beginning with the smaller ego. But I gotta hack at it, every day of my life.

Thanks

I want to dedicate this album to a milestone birthday being celebrated this year by the person most responsible for the messages in my music, my father, Rabbi Manis Friedman. Happy Birthday Ta, may you continue to fill the world with light right on into the days of Moshiach!

Thanks

I'm very proud to present to you this new album "Fill The World With Light", a project long in the making. This album has been in the works many more years than the time that has passed since "Kol Haneshama Sheli" was released. It is the culmination of almost ten years of learning and maturing and I feel strongly and confidently it is our best work yet! I know you will enjoy it, and I hope it will inspire you, as it has inspired us while making it.

Benny - Your dedication for always hitting the right chord motivates me to always produce the best possible product. I proudly stand together with you as a #ProudJew and hope we are truly fulfilling our mission of filling the world with light!

Avram - Thank you for being my friend and my partner in this crazy music business we call our passion and jobs. Thanks for always keeping me on a path of change.

Yitz Yitz Berry & Eli Klein, This began with "Rak Beyachad", a last minute addition on Kol Haneshama Sheli, with only weeks later getting "B'sefer Chaim", and from then on we knew we found an incredibly talented team that has added so much to this album. Thank you for coming along with us on this journey. You guys are diamonds!

To all the composers, arrangers and lyricists who contributed to this album. Thank you for letting us pick apart your brains, your songs, arrangements, words and your patience. You are our partners in piecing everything back together to create something unique and I hope truly inspiring!

Thank you to the entire Meyer family, my mother, brothers and sisters, to the Holzman, Schultz and Ungar families! Family is everything, thank you for being mine!

To my precious children, Dovid, Ruthie & Mendel, you continue to grow and give me so much Nachas.

Thank you to my wife Penina, thank you for always listening as I present every note of every track from the very early beginning to the final mixes. Thank you for always supporting me.
